GO FLY A KITE ...but Safely!

YES, kids—kites are keen and flying's fun, but remember, it's better to lose a kite than a life! So . . . if your kite catches on a power line, be sure to let go at once. Better yet . . . NEVER fly a kite near power lines! Read and remember the four simple rules for SAFE, expert kite flying!

FOUR SIMPLE RULES TO REMEMBER:

1. Fly kites in an open field, away from power lines and overhead obstructions.
2. Use cotton string, and be sure it is perfectly dry.
3. Never use wire, metallic or tinsel string anywhere on kites.
4. Don't climb poles to recover kites. If kite catches in a power line, let go at once. Don't pull!
